

Dear Potential ALWCA Member,

We are aware that students may find that membership dues are financially out of reach. The National WCA offers subsidized memberships to women with limited incomes. If approved, the national dues can be reduced bringing the cost of chapter membership to \$40 per calendar year (regular membership dues are \$65). To receive the subsidy you must email: membership@nationalwca.org and provide a description of your financial hardship.

Here is a sample letter that you may use as a template to request your subsidy. Please cc a copy to alabamawca@gmail.com for accounting and administrative purposes.
